The reliability of Wikipedia (predominantly of the English-language edition) has been frequently questioned and often assessed. The reliability has been tested statistically, through comparative review, analysis of the historical patterns, and strengths and weaknesses inherent in the editing process unique to Wikipedia. Incidents of conflicted editing, and the use of Wikipedia for 'revenge ...

Bird control is the generic name for methods to eliminate or deter pest birds from landing, roosting and nesting.. Bird control is important because pest birds can create health-related problems through their feces, including histoplasmosis, cryptococcosis, and psittacosis. Bird droppings may also cause damage to property and equipment.
