

religion and state formation pdf

A state religion (also called an established religion or official religion) is a religious body or creed officially endorsed by the state. A state with an official religion, while not secular, is not necessarily a theocracy, a country whose rulers have both secular and spiritual authority. State religions are official or government-sanctioned establishments of a religion, but the state does not ...

State religion - Wikipedia

In international law, a sovereign state, sovereign country, or simply state, is a nonphysical juridical entity that is represented by one centralized government that has sovereignty over a geographic area. International law defines sovereign states as having a permanent population, defined territory, one government, and the capacity to enter into relations with other sovereign states.

Sovereign state - Wikipedia

Religion may be understood sociologically as a formal set of beliefs, doctrines, laws, practices, rituals, and assignments of authority, which are linked to

and religion may move from one that is largely passive

Overview The World Religion Project (WRP) aims to provide detailed information about religious adherence worldwide from 1945 to 2010. It contains data about the number of adherents by religion in each of the states in the international system.
