Research Trends In Geographic Information Science

Trends in Geography: An Introductory Survey reviews trends in geography, including physical geography, human geography, and applied geography. Topics covered include progress in geomorphology, meteorology, climatology, hydrology, historical geography, transport geography, and industrial geography, along with the geography of rural settlements and the ecology of agricultural systems.

Trends in Geography | ScienceDirect

Geography is one of the oldest earth science and its roots date back in the works of the early Greek scholars. The word "geography"™ was first used by the Greek scholar Eratosthenes in the third century B.C. Geo " Earth" and Graphy " to describe" literal meaning of geography is to describe about the earth's surfaces.
