Pneumatic tires are manufactured according to relatively standardized processes and machinery, in around
455 tire factories in the world. With over 1 billion tires manufactured worldwide annually, the tire industry is
the major consumer of natural rubber. Tire factories start with bulk raw materials such as synthetic rubber
(60% -70% of total rubber in the tire industry), carbon black, and ...

A flat roof is a roof which is almost level in contrast to the many types of sloped roofs. The slope of a roof is
properly known as its pitch and flat roofs have up to approximately 10°. Flat roofs are an ancient form
mostly used in arid climates and allow the roof space to be used as a living space or a living roof. Flat roofs,

or "low-slope" roofs, are also commonly found on commercial ...
