Metrology is the science of measurement. It establishes a common understanding of units, crucial in linking human activities. Modern metrology has its roots in the French Revolution's political motivation to standardise units in France, when a length standard taken from a natural source was proposed. This led to the creation of the decimal-based metric system in 1795, establishing a set of ...

First grade is an exciting adventure for students. This may be the first time they are in school for a full day, the first time they read an entire book, or the first time they write a story. You can help your students by encouraging them to read independently as well as continuing to read together.
